A SUMMARY OF THE NEWS

Senator Taft, supported by a coalition of Republicans and Southern Democrats, defeated the Administration forces yesterday by obtaining passage, 50 to 40, of his amendment to grant the President both plant seizure and injunction powers to deal with national emergency strikes. This was the crux of the fight on the labor bill to repeal the Taft-Hartley Law. Inclusion in the new measure of this provision of the present law virtually assured a veto by President Truman, the effect of which would be to leave the Taft-Hartley Law in force. The Administration held its forces in line in the House to defeat several amendments to the housing bill.

A House committee, 17 to 9, reported a bill to give the Administration's production payments farm plan a "trial run" on three crops. The Atomic Energy Commission, charged with mismanagement by Senator Hickenlooper, reported that the cost of producing uranium 235 at the Oak Ridge plant now was only half the original cost.

Robert F. Wagner, senior United States Senator from New York, resigned because of ill health after 22½ years in the upper house. A special election in November will choose a successor to the father

MAN ARRESTED IN BRISTOL ADMITS FATAL STABBING

Falls Twp. Officer Takes Samuel Boone Into Custody Yesterday

RIDING ON A TRUCK

King Farms Employee Held in Phila. for Death of Fellow-Roomer

A man said to be a fugitive under indictment for homicide in Philadelphia was taken into custody while en route through Bristol on a truck yesterday afternoon at 4:30. He has, according to Bristol police, confessed to them that he was the one who stabbed a Philadelphia man to death on November 27, 1947.

The one taken into custody, who confessed, and was taken to Philadelphia last evening, is Samuel Boone, 56, Philadelphia, an employee of King Farms, Falls township. He is charged with the stabbing of John Scott, 60, at 128 Spruce street, Philadelphia, in 1947; the indictment being dated February 18, 1948, in Philadelphia.

Fliers had been broadcast, describing Boone and displaying a likeness of him.

Isaac Watson, Falls township police officer, had been studying this picture which he felt was that of a King Farms employee. Watson was on the lookout as a truckload of farm employees travelled west on the new highway through here, yesterday at 4:30, and took Boone to Bristol police station. There he was finger-printed and questioned, and according to police confessed to the fatal stabbing.

A few hours later Detective Sergeant Samuel Riccardi and Detective John Carey, of Homicide Squad, Phila., came here to take the prisoner to Philadelphia. The stabbing is said to have followed a fight in a rooming house where Boone and Scott were staying in 1947.

BOLD NEW PROGRESS

Washington in July and August
is hardly a place conducive to
heavy thinking. Congressmen,
with their noses to the grindstone
on Capitol Hill, would much rather
be contemplating their own
cool back yards and their un-
mended fences in the hinterlands
than the plight of backward areas
elsewhere on the globe.

But sooner or later, President
Truman's "bold, new program"
—the famous Point Four of his
inaugural address—will be on the
docket. To start things rolling
in the right direction, the Presi-
dent wants a modest \$48,000,000
to develop the world's backward
areas. This amount is to be merely
the primer. The real money is
expected to come from the
pockets of Americans with money
to invest.

Final details of the plan have
been ironed out in long sessions
among representatives of the Ex-
port-Import Bank, and the Treas-
ury, State and Commerce depart-
ments. The point is to make the
areas chosen for guinea pigs in
industrial and scientific advance-
ment as safe as possible for U. S.
investment. The risk involved
will be reduced to a minimum—
which, in most schemes of this
sort, is also the maximum.

In its initial stages at least the
plan will be a complement to a
United Nations plan for advance-
ment at announced some weeks
ago. Which seems to be going a
long way around to announce that
U. S. taxpayers will be called
upon to finance another UN project.

The UN plan, which is only
waiting for the necessary finan-
cing, will lay the groundwork and
help do away with disease, illiter-
acy and many of the elements
which have in the past made many
countries on the globe a bad in-
vestment risk. From there on in,
Point Four is expected to take
over.

It will be a slow process, it is
said—it may be decades before
some areas will be considered
"safe" for the investors' dollar.

These are the points which
Congressmen, living in the hu-
midity belt along the Potomac,
will be called upon to consider
this summer. But if it weren't
Point Four, it probably would be
Point Five, Point Six, Point
Seven, Point Eight, or Point
Ninety-nine.

LEWIS AD LIBITUM

John L. Lewis has a weakness
for grandiose language. Some col-
lege-educated denagogues think
it is smart to woo the common
man by using illiterate diction.
Not John L. He shows his sub-
jects that a "fellow miner" can
quote Shakespeare and Latin, and
they are awed by his erudition.

His jovial comment on contract
negotiations with northern soft
coal operators was characteristic.
He said: "It may go on ad infini-
tum, but not ad nauseam." Think
of it! That was John L.

Almost the opposite could be
said of John L. He did not, thank
heaven, go on ad infinitum. He
had already gone on ad nauseam.

New State Road Map Soon To Be Available

HARRISBURG, June 29 — The
record breaking improvement pro-
gram launched by the Pennsylvania
State Highway Department which
has made it the leading post-war
road builder in the nation is re-
flected in the new edition of the an-
nual Official Road Map of Pennsylv-
ania.

Several innovations have been
added to the map. Major reloca-
tion projects now under construc-
tion and scheduled for completion
during the year are indicated by
block symbols. These include the
construction on U. S. 422 between
Butler and New Castle; T. R. 51
north of Uniontown; U. S. 322
northwest of Chester and elsewhere
throughout the State.

The eastward extension of the
Pennsylvania Turnpike from Mid-
dlesboro to King-of-Prussia is shown
along with roadside rests that are
being developed by the State De-
partment of Highways and will
eventually number at least one in
each county of the State.

Traffic route numbers have been
brought up to date. Pennsylvania
State Police stations have been re-

vised to meet current locations and
airports are marked.

The reverse of the map contains
enlarged maps of principal cities
which have also been revised to
reflect through traffic routes.

The cover pictures a typical Penn-
sylvania landscape. The maps are
being distributed without request to
600 hotels, 200 chambers of com-
merce, 420 motor clubs within the
State initially and a wider distri-
bution will be made as additional
copies are received from the print-
ers. The map is free and the State
Highway Department expects that
a quarter million copies will be
needed to meet the demands of motorists.

George School Couple To Aid Tokyo Project

NEWTOWN, June 29 — Mr. and
Mrs. Neil Hartman, members of
George School faculty, will be mem-
bers of a group of five who will
work this summer in establishing
a neighborhood center in Tokyo,
Japan, for the American Friends
Service Committee.

"We're just getting our things
together now," Mrs. Hartman, a
secretary in the school office, said
this week. "We'll leave George
School soon, go to Pendle Hill for
about a month of orientation and
language training, and then start
west."

Mr. Hartman, for two years a
mathematics teacher at George
School, and his wife, hope to go to
Japan by ship from San Francisco.

Thomas and Eliza Foulke, George
School graduates, will also be on
the scene in Tokyo, she as another
of the five settling up the neighbor-
hood center, he as an A. F. S. C.
representative in the Far East
helping to distribute food. Their
home is in Ambler.

The Hartmans said this week
that the neighborhood center in
Tokyo is going to be developed
along the lines of such centers in
Germany, with a recreational pro-
gram, library, perhaps a sewing
group and other group activities.

To be located in a newly-built
residential area of Tokyo, the center
will have available from the be-
ginning a swimming pool and am-
phitheatre to speed the work of the
A. F. S. C. organizers.

Mr. Hartman is a native of Cedar-
ville, O. Mrs. Hartman formerly
lived in Ardmore.

Water Safety Is The Keynote for Vacationers

HARRISBURG, June 29 — (INS) — Pennsylvania's many streams and lakes provide recreation for thousands of vacationers, fishermen, boaters and swimmers.

Water safety is the keynote of the warning issued by the Pennsylvania Department of Forests and Waters.

The old swimming hole can add to a happy vacation, but it also can become the scene of a tragedy in the form of drowning. Most accidents of this kind are caused by carelessness.

Officials of the Pennsylvania Department of Forests and Waters suggest the following hints on water safety:

Wait an hour or two after eating before going swimming, swim only in areas that have supervised swimming, don't overestimate your ability, be careful of strong river currents—don't try to buck them, use the safest method possible to rescue a person in trouble—use a boat or throw some object that will float.

During this vacation season there will be many thousands of boats on the waters of the state. Some simple rules of boat safety are: Don't overload a boat and never permit horseplay or boat rocking. Do not go on the water in the face of a storm or when the water is rough. Never wear boots or heavy clothing in boats.

If you are unfortunate enough to upset a boat, don't try to make shore, but stay with the boat. Get a good grip and wait for help or drift to shore with the boat. If you lose an oar do not jump overboard after it without first anchoring the boat. It may drift faster than you can swim.

There is no finer way to enjoy your vacation than taking part in water sports and everyone can enjoy these pleasures if good judgment is used.

NEWS OF INTEREST TO PA. FARMERS

By John Harms
(INS Penna. Farm Editor)
HARRISBURG, June 29 — (INS) — An apple bumper crop of 7,000,000 bushels, 45 per cent greater than last year, today was predicted for Pennsylvania's orchards.
The prediction comes from the National Apple Institute in Lansing, Mich. The State Agricultural Department, although optimistic, because of favorable weather, said its own figures would not be available until early July.
The department said this spring's "good, heavy bloom, foretold of a short early freeze, followed by a good set at the orchards." Warning caution in estimates, the department said indications point to a much better crop than last year, and hopes are high for double that crop.
Last year's apple crop was the second poorest in 24 years, with 4,526,000 bushels, just about half of the 1937-46 average of 8,931,000 bushels, the department reported. The 1947 crop was 6,612,000 bushels.
The National Apple Institute

proved that proper operation and care of milking machines pays off for farmers.
Clinics recently conducted by the college in all but one of the State's 67 counties resulted in improved operation of milking machinery and the production of cleaner milk, according to Ivan E. Parkin, extension dairy specialist.
Upon completion of the clinic schedule, many of the 6,155 farmers who attended reported a noticeable time-saving in milking routines, less udder trouble in cows and improved operation of machinery.
At each clinic, production of a better grade of milk was the main objective. Discussions pivoted on quality milk and how to produce it, milk secretion, dairy herd management, installation and care of milking machines, and washing and sanitizing dairy utensils.
Mr. and Mrs. Vincent A. Cooke entertained on Wednesday evening in honor of their daughter Eileen, who celebrated her fourth birthday anniversary. Eileen was hostess to Edward G. Katzman, 3rd, Barbara Smith, Walter Engle, "Betsey" Tooke, and Martha Ferguson. Andalusia; Carol Ann and Lorraine Ehrhart, Philadelphia; Eileen received gifts.

Frankford; William Herman, Miami, Fla.; and Mr. and Mrs. Oliver Morton, Castor Gardens.
Mrs. Grace Keaton has been confined to her home for the past week with a heavy cold.
Little "Judy" Meehan has been confined to her home with scarlet fever.
Mrs. Marie Russell, Frankford, and Mrs. Jos. Farrington and son, Chestnut Hill, spent Tuesday with Mrs. Stanley Smith.
"Princess Pat VonNeckar," the Great Dane puppy of Mr. and Mrs. Richard Brackin won first prize in the puppy class in a match show at Yardley on Sunday.

What's in the Bible? Many would say: "A lock of my baby hair, a picture of Daddy, and a lot of mother's recipes." The Bible has become an unknown book in many an American home.

Christ told the people for all time "to ransack the Scriptures." Many who have a Bible would be surprised what God has put between its covers.

The Bible has a double theme: Sin and Grace. On one hand it says: "Your sins have separated you from God!"; on the other, "The blood of Jesus Christ, His Son, cleanseth us from all sin."

That's what's in your Bible—the message of sin and grace. Until you learn to fear the former you will never learn to love the latter.

"DON JUAN"

E. WAGNER HURLS W. BRISTOL TO 1ST HALF LEADERSHIP

Earl Wagner was in fine form last evening on the Third Ward field as he hurled West Bristol A. C. to the first half championship of the Bristol Suburban League. The West Bristol boys triumphed over Voltz-Texaco, 3-2, after the two teams had finished in a deadlock for first place.

Wagner gave the gasmen but four scattered hits and outpitched "Bill" McGerr who was tagged for nine hits. He fanned seven batters.

West Bristol counted all its runs in the seventh inning after Voltz-Texaco had taken a 1-0 lead in the last half of the sixth. Harry Saul walked to start the frame. Wagner laced a double over Cross' head in the left field scoring Saul with the tying run. Wagner skipped to third on the throw-in. Killian laid down a squeeze bunt and beat it out. Wagner holding third. Marsh who had replaced Heath laid down another bunt and Wagner again held his bag. Killian going to second. Wagner and Killian both scored when Dave Morrell booted Jack Haines' grounder. The next three batters were retired.

The Oilers scored their first run in the sixth when with one out, Dewsnap was passed and went to third when J. Haines allowed Purcell's grounder go into short right field. Pappaterra hit to Wagner who tossed him out. After the throw to first, Dewsnap dashed for the plate and made it safely when Cochran failed to hold Glassmire's throw into the dirt. Purcell went to third on the play but Charlie Kohler popped out to Saul.

After Barney Ludwig went out in the seventh, McGerr singled after Cross had walked. Morrell forced McGerr at second, Cross going to third. On the double-steal, Cross scored and Morrell went to second. Wagner wild-pitched Morrell to third but Dave Ludwig struck out to end the frame.

After Kohler walked and Saxton was sent in to run for him in the ninth, Wagner fanned both Paul Leighton and McGerr to end the fracas.

"Kenny" Heath, third-sacker for West Bristol, was injured in the fifth when he tripped over a bicycle while chasing a foul fly. He was taken to the office of a local physician for treatment. He was replaced by Marsh in the lineup.

SAINTS BEAT LALOR FOR 13TH VICTORY

TRENTON, June 29 — Wayne "Inky" Schneider's home run in the first inning with two on base aided the St. Ann's A. A. aggregation to chalk up another win in the Trenton Industrial League last evening on Riverview field. The "Saints" beat Lalor A. C. for their thirteenth win of the season. They have been beaten seven times.

Schneider, who recently completed a successful baseball season at West Chester State Teachers College, stepped to the plate with "Rabbit" Palumbo and Joe Elmer on base and lined a tremendous drive between left and centerfield for the four-base clout.

Tony Cauti was the winning moundsman although Manager "Spike" Scordia replaced him with Paul Cervellero in the last inning. Cauti had hit a three bagger in the top half of the inning and was nailed at the plate trying to stretch it into a home run. The running of the bases seemed to tire the St. Ann's moundsman as he seemed to have lost his stuff when Lalor's came up for their bat.

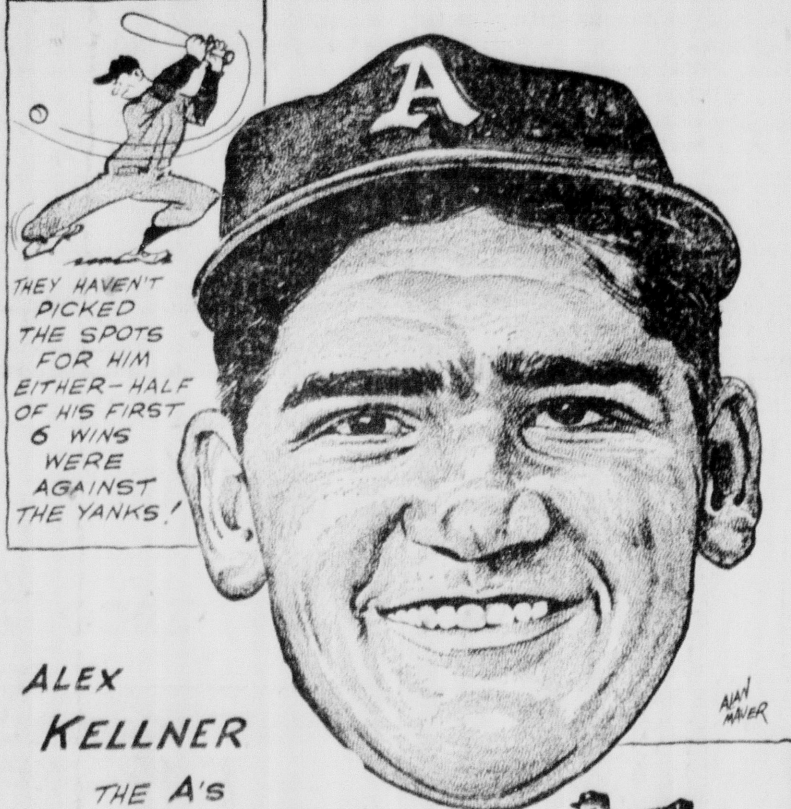

The first two batters got on base and Cervellero came in. Klin got an infield hit to load the bags with no one out. Cervellero then picked Dutko off second and when Ushaffer tried to score, he was put out. Palumbo to Elmer. Werner fanned but Bystricki drove in Dutko with a single. Nugent ended the game by flying out to left.

St. Ann's scored a run in the fourth on "Chick" Cialella's triple to right after F. Barbetta reached base. The other trio of markers were made in the fifth on a hit by Palumbo, walks to Klein and Elmer, Bert Barbetta's single and an infield out.

The "Saints" will have another win added to their credit this evening as they are scheduled to play the Polish Falcons. The Falcons have withdrawn from the circuit and all their games are being forfeited.

TULLYTOWN MOVES INTO TIE POSITION WITH JEFFERSON

Tullytown A. C. was victorious, 4-3, over St. Ann's A. A. last evening in a Suburban Softball League tilt on Memorial Park field. The win enabled Tullytown to move into a tie with Jefferson for first place in the loop.

The "Saints" passed up the opportunity to win the game in their last turn with the bludgeon. "Don" Di Nunzio was hit with a pitched ball. "Mike" Perrone struck out. Poni doubled to right and DiNunzio stopped at third. With the tying and winning runs in scoring position both Denny and Steve Masne failed to connect.

In the hard-fought tilt, Claude Deitzler was the winning hurler although he was replaced by Joe Watson in the fifth. The only hit off Watson was Poni's two-bagger. Deitzler allowed three hits. One of these was a home run in the fourth inning by Perrone with DiNunzio on base. In the second Deitzler walked three consecutive batters after Schreiber singled to force home a run.

"Monnie" Denny did the peak work for the losing team. He did a fine job, settling down after the third to blank the victors in the last four innings. Denny gave up eight hits, five coming in the first three innings.

The Paraplane was developed by the Lanier Aircraft Corporation, of Marlton, N. J., formerly of Croydon, the chief feature of the unusual craft being its ability to act as its own parachute.

Leo Riley, Jr., of Bristol, is the test pilot for the Paraplane, and a number of localities are connected with the firm.

The pictures, taken on Sunday, show the Paraplane taking off, landing, maneuvering at low altitudes, and some of the patented features are pointed out.

Considerable Damage Caused to Trailer-Truck

MORRISVILLE, June 29 — Considerable damage resulted when a trailer-truck and a passenger car crashed on the Lincoln highway yesterday at 4:29 p. m., the former being damaged to the extent of \$500 and the latter \$50.

Driver of the trailer-truck is listed as Samuel Trapanese, 29, of East Paterson, N. J., he operating a vehicle owned by Marcel Company, of East Paterson. He is said to have struck the left rear corner of a machine operated by Norman E. Matheson, 35, of Browns Mills, N. J., on a curve west of this borough. The trailer-truck then went off the right side of the highway. Both vehicles were travelling east.

Private Allen, of Langhorne barracks, Penna. State Police, investigated.

MAN ARRESTED IN BRISTOL ADMITS FATAL STABBING

Falls Twp. Officer Takes Samuel Boone Into Custody Yesterday

RIDING ON A TRUCK

King Farms Employee Held in Phila. for Death of Fellow-Roomer

A man said to be a fugitive under indictment for homicide in Philadelphia was taken into custody while en route through Bristol on a truck yesterday afternoon at 4:30. He has, according to Bristol police, confessed to them that he was the one who stabbed a Philadelphia man to death on November 27, 1947.

The one taken into custody, who confessed, and was taken to Philadelphia last evening, is Samuel Boone, 56, Philadelphia, an employee of King Farms, Falls township. He is charged with the stabbing of John Scott, 60, at 128 Spruce street, Philadelphia, in 1947; the indictment being dated February 18, 1948, in Philadelphia.

Fliers had been broadcast, describing Boone and displaying a likeness of him.

Isaac Watson, Falls township police officer, had been studying this picture which he felt was that of a King Farms employee. Watson was on the lookout as a truck-load of farm employees travelled west on the new highway through here, yesterday at 4:30, and took Boone to Bristol police station. There he was finger-printed and questioned, and according to police confessed to the fatal stabbing.

A few hours later Detective Sergeant Samuel Riccardi and Detective John Cary, of Homicide Squad, Phila., came here to take the prisoner to Philadelphia. The stabbing is said to have followed a fight in a rooming house where Boone and Scott were staying in 1947.

Bristol Is Represented At Red Cross Convention

Devoted to the further expansion and coordination of its far-flung humanitarian services, the 24th annual convention of the American National Red Cross, attended by more than 5,000 senior and junior delegates representing 3,751 chapters throughout the nation, is being held at Atlantic City this week.

The Southeastern Penna. Chapter, which includes Bucks, Chester, Delaware, Montgomery and Philadelphia counties, will be well represented by 29 voting delegates, and a large delegation of other Red Cross workers and staff members.

Those from Bristol who attended sessions yesterday are: Mrs. Anthony Burton, Radcliffe street, chairman of Bristol district; and Mrs. Harry T. Neher, Radcliffe street, chairman of blood program for Bristol district.

The convention program, one of the most varied and interesting of recent years, is featuring many highlights and was arranged with a view to developing the Red Cross services to even greater peace-time application than now exists.

The roster of principal speakers includes many persons famous in our national life, such as Louis A. Johnson, Secretary of Defense; Mrs. Franklin D. Roosevelt, chairman of the United Nations Commission on Human Rights; Clare Booth Luce, and Assistant Secretary of State George V. Allen. In attendance also are 17 educators from eight foreign countries. They are here on a four-month study visit as guests of Junior Red Cross, representing Austria, Norway, Holland, Finland, Luxembourg, Belgium, France and the Philippines.

Originally the dedication of the plaque at the headquarters of Warminster Fire Company had been scheduled for June 18, but because of the inclemency of the weather at that time, it was postponed.
In line of march in the parade, which formed at the home of Gen. John Lacey Post, No. 796, A. L., were representatives of that veterans' organization; Liberty Post, No. 308, Willow Grove, and Glenside Post, No. 249, Boy Scouts and Girl Scouts from Lacey Park and Warminster, and fire companies from Ivyland, Southampton, Warminster and the Oaks.
In line of march also were a group of sailors from the Withrow Grove Naval Air Station, Jesse W. Soby Post Cadet Corps, Langhorne, and a Bristol drum and bugle corps. The latter organizations furnished music.

New State Road Map Soon To Be Available
HARRISBURG, June 29 — The record breaking improvement program launched by the Pennsylvania State Highway Department which has made it the leading post-war road builder in the nation is reflected in the new edition of the annual Official Road Map of Pennsylvania.
Several innovations have been added to the map. Major relocation projects now under construction and scheduled for completion during the year are indicated by block symbols. These include the construction on U. S. 422 between Butler and New Castle; U. S. 51 north of Uniontown; U. S. 322 northwest of Chester and elsewhere throughout the State.
The eastward extension of the Pennsylvania Turnpike from Mid-dlesex to King-of-Prussia is shown along with roadside rests that are being developed by the State Department of Highways and will eventually number at least one in each county of the State.
Traffic route numbers have been brought up to date. Pennsylvania State Police stations have been re-

vised to meet current locations and airports are marked.
The reverse of the map contains enlarged maps of principal cities which have also been revised to reflect through traffic routes.
The cover pictures a typical Pennsylvania landscape. The maps are being distributed without request to 600 hotels, 200 chambers of commerce, 420 motor clubs within the State initially and a wider distribution will be made as additional copies are received from the printers. The map is free and the State Highway Department expects that a quarter million copies will be needed to meet the demands of motorists.

But sooner or late, President Truman's "bold, new program" — the famous Point Four of his inaugural address — will be on the docket. To start things rolling in the right direction, the President wants a modest \$48,000,000 to develop the world's backward areas. This amount is to be merely the primer. The real money is expected to come from the pockets of Americans with money to invest.

Final details of the plan have been ironed out in long sessions among representatives of the Export-Import Bank, and the Treasury, State and Commerce departments. The point is to make the areas chosen for guinea pigs in industrial and scientific advancement as safe as possible for U. S. investment. The risk involved will be reduced to a minimum — which, in most schemes of this sort, is also the maximum.

In its initial stages at least the plan will be a complement to a United Nations plan for advancement at announced some weeks ago. Which seems to be going a long way around to announce that U. S. taxpayers will be called upon to finance another UN project.

The UN plan, which is only waiting for the necessary financing, will lay the groundwork and help do away with disease, illiteracy and many of the elements which have in the past made many countries on the globe a bad investment risk. From there on in, Point Four is expected to take over.

It will be a slow process, it is said — it may be decades before some areas will be considered "safe" for the investors' dollar.

These are the points which Congressmen, living in the humidity belt along the Potomac, will be called upon to consider this summer. But if it weren't Point Four, it probably would be Point Five, Point Six, Point Seven, Point Eight, or Point Ninety-nine.
LEWIS AD LIBIDUM
John L. Lewis has a weakness for grandiose language. Some college-educated demagogues think it is smart to woo the common man by using illiterate diction. Not John L. He shows his subjects that a "fellow miner" can quote Shakespeare and Latin, and they are awed by his erudition.
His jovial comment on contract negotiations with northern soft coal operators was characteristic. He said: "It may go on ad infinitum, but not ad nauseum." Think of it! That was John L.
Almost the opposite could be said of John L. He will not, thank heaven, go on ad infinitum. He had already gone on ad nauseum.

Water Safety Is The Keynote for Vacationers

HARRISBURG, June 29 — (INS) — Pennsylvania's many streams and lakes provide recreation for thousands of vacationers, fishermen, boaters and swimmers.

Water safety is the keynote of the warning issued by the Pennsylvania Department of Forests and Waters. The old swimming hole can add to a happy vacation, but it also can become the scene of a tragedy in the form of drowning. Most accidents of this kind are caused by carelessness.

Officials of the Pennsylvania Department of Forests and Waters suggest the following hints on water safety:

Wait an hour or two after eating before going swimming, swim only in areas that have supervised swimming, don't overestimate your ability, be careful of strong river currents—don't try to buck them, use the safest method possible to rescue a person in trouble—use a boat or throw some object that will float.

During this vacation season there will be many thousands of boats on the waters of the state. Some simple rules of boat safety are: Don't overload a boat and never permit horseplay or boat rocking. Do not go on the water in the face of a storm or when the water is rough. Never wear boots or heavy clothing in boats.

If you are unfortunate enough to upset a boat, don't try to make shore, but stay with the boat. Get a good grip and wait for help or drift to shore with the boat. If you lose an oar do not jump overboard after it without first anchoring the boat. It may drift faster than you can swim.

There is no finer way to enjoy your vacation than taking part in water sports and everyone can enjoy these pleasures if good judgment is used.

NEWS OF INTEREST TO PA. FARMERS

By John Harms
(INS Penna. Farm Editor)
HARRISBURG, June 29 — (INS) — An apple bumper crop of 7,000,000 bushels, 45 per cent greater than last year, today was predicted for Pennsylvania's orchards.
The prediction comes from the National Apple Institute in Lansing, Mich. The State Agricultural Department, although optimistic, because of favorable weather, said its own figures would not be available until early July.
The department said this spring's "good, heavy bloom, foretold of a good set at the orchards." Warning caution in estimates, the department said indications point to a much better crop than last year, and hopes are high for double that crop.
Last year's apple crop was the second poorest in 24 years, with 4,520,000 bushels, just about half of the 1937-46 average of 8,031,000 bushels, the department reported. The 1947 crop was 6,612,000 bushels.
The National Apple Institute

proved that proper operation and care of milking machines pays off for farmers.
Clinics recently conducted by the college in all but one of the State's 67 counties resulted in improved operation of milking machinery and the production of cleaner milk, according to Ivan E. Parkin, extension dairy specialist.
Upon completion of the clinic schedule, many of the 6,155 farmers who attended reported a noticeable time-saving in milking routines, less under trouble in cows and improved operation of machinery.
At each clinic, production of a better grade of milk was the main objective. Discussions pivoted on quality milk and how to produce it, milk secretion, dairy herd management, installation and care of milking machines, and washing and sanitizing dairy utensils.
The 1949 cherry crop estimate was pegged at 1,399 tons more than last year, or 8,709 tons. Pear production was estimated to yield a 330,000 bushel crop, compared with last year's 255,000 bushels.

E. WAGNER HURLS W. BRISTOL TO 1ST HALF LEADERSHIP

Earl Wagner was in fine form last evening on the Third Ward field as he hurled West Bristol A. C. to the first half championship of the Bristol Suburban League. The West Bristol boys triumphed over Voltz-Texaco, 3-2, after the two teams had finished in a deadlock for first place.

Wagner gave the gasmen but four scattered hits and outpitched "Bill" McGerr who was tagged for nine hits. He fanned seven batters.

West Bristol counted all its runs in the seventh inning after Voltz-Texaco had taken a 1-0 lead in the last half of the sixth. Harry Saul walked to start the frame. Wagner laced a double over Cross' head in left field scoring Saul with the tying run. Wagner skipped to third on the throw-in. Killian laid down a squeeze bunt and beat it out. Wagner holding third. Marsh who had replaced Heath laid down another bunt and Wagner again held his bag. Killian and McGerr both scored when Dave Morrell booted Jack Haines' grounder. The next three batters were retired.

The Oilers scored their first run in the sixth when with one out, Dewasnap was passed and went to third when J. Haines allowed Purcell's grounder go into short right-field. Pappaterra hit to Wagner who tossed him out. After the throw to first, Dewasnap dashed for the plate and made it safely when Cochran failed to hold. Glassmire's throw into the dirt. Purcell went to third on the play but Charlie Kohler popped out to Saul.

After Barney Ludwig went out in the seventh, McGerr singled after Cross had walked. Morrell forced McGerr at second. Cross going to third. On the double-steal, Cross scored and Morrell went to second. Wagner wild-pitched Morrell to third but Dave Ludwig struck out to end the frame.

After Kohler walked and Saxton was sent in to run for him in the ninth, Wagner fanned both Paul Leighton and McGerr to end the frame.

"Kenny" Heath, third-sacker for West Bristol, was injured in the fifth when he tripped over a bicycle while chasing a foul fly. He was taken to the office of a local physician for treatment. He was replaced by Marsh in the lineup.

SAINTS BEAT LALOR FOR 13TH VICTORY

TRENTON, June 29 — Wayne "Inky" Schneider's home run in the first inning with two on base aided the St. Ann's A. A. aggregation to chalk up another win in the Trenton Industrial League last evening on Riverview field. The "Saints" beat Lalor A. C. for their thirteenth win of the season. They have been beaten seven times.

Schneider, who recently completed a successful baseball season at West Chester State Teachers College, stepped to the plate with "Rabbit" Palumbo and Joe Elmer on base and lined a tremendous drive between left and centerfield for the four-base clout.

Tony Cauti was the winning moundsman although Manager "Spike" Scordia replaced him with Paul Cervellero in the last inning. Cauti had hit a three bagger in the top half of the inning and was nailed at the plate trying to stretch it into a home run. The running of the bases seemed to tire the St. Ann's moundsman as he seemed to have lost his stuff when Lalor's came up for their bat.

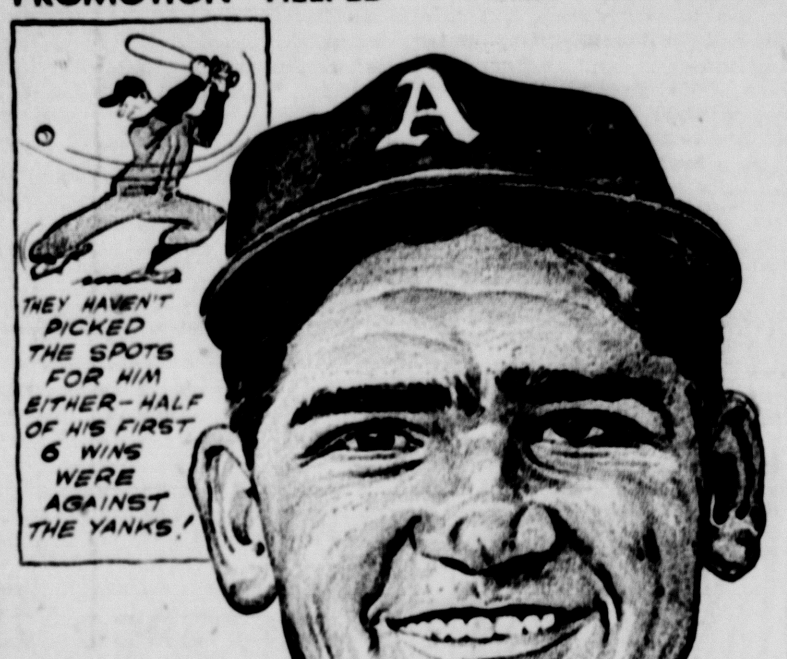

The first two batters got on base and Cervellero came in. Kilin got an infield hit to load the bags with no one out. Cervellero then picked Dutko off second and when Ushaffer tried to score, he was put out. Palumbo to Elmer. Werner fanned but Bystricki drove in Dutko with a single. Nugent ended the game by flying out to left.

St. Ann's scored a run in the fourth on "Chick" Ciadella's triple to right after F. Barbetta reached base. The other trio of markers were made in the fifth on a hit by Palumbo, walks to Klein and Elmer, Bert Barbetta's single and an infield out.

The "Saints" will have another win added to their credit this evening as they are scheduled to play the Polish Falcons. The Falcons have withdrawn from the circuit and all their games are being forfeited.

TULLYTOWN MOVES INTO TIE POSITION WITH JEFFERSON

Tullytown A. C. was victorious, 4-3, over St. Ann's A. A. last evening in a Suburban Softball League tilt in Memorial Park field. The win enabled Tullytown to move into a tie with Jefferson for first place in the loop.

The "Saints" passed up the opportunity to win the game in their last turn with the budgeon. "Don" DiNunzio was hit with a pitched ball. "Mike" Perrone struck out. Ponzil doubled to right and DiNunzio stopped at third. With the tying and winning runs in scoring position both Denny and Steve Masne failed to connect.

In the hard-fought tilt, Claude Dettler was the winning hurler although he was replaced by Joe Watson in the fifth. The only hit off Watson was Ponzil's two-bagger. Dettler allowed three hits. One of these was a home run in the fourth inning by Perrone. DiNunzio on base. In the second Dettler walked three consecutive batters after Schreiber singled to force home a run.

"Monnie" Denny did the peak work for the losing team. He did a fine job, settling down after the third to blank the victors in the last four innings. Denny gave up eight hits, five coming in the first three innings.
